Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Greenfield in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Greenfield on Tuesday, the 14th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Art. 3. To choose one or more and not exceeding three highway agents for the ensuing year.

Art. 4. To hear reports of the Selectmen, Road Agents, Treasurer, Overseer of the Poor, Library Trustees and other Town Officers and take any action relative thereto.

Art. 5. To see what sum of money the Town will vote to raise and appropriate for support of the Public Library, or take any action relative thereto.

Art. 6. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges, or take any action relative thereto.

Art. 7. To see what sum of money the Town will vote to raise and appropriate for Memorial Day or take any action relative thereto.

Art. 8. To see if the Town will vote to authorize the Selectmen to hire a sum of money to pay town debts or take any action relative thereto.

Art. 9. To see if the Town will vote to raise and appropriate the sum of two thousand dollars ($2000) to install water reservoirs for fire protection or take any action relative thereto.

Art. 10. To see if the Town will vote to raise and appropriate money for forest fire fighting equipment or take any action relative thereto.

Art. 11. To see if the Town will vote to accept State Aid for construction of Class II road, known as Forest Road, raise and appropriate or set aside for said purpose the sum of $760.50 against the State sum of $1,520.00 or for Class V road calling for $503.28 against the State sum of $2,013.10 or take any action relative thereto.

Art. 12. To see if the Town will vote to raise and appropriate the sum of $350.00 for a Blade Snow Plow, also $190.00 for 6 ft. wing to go on same or $400.00 for V plow to be used on Ford or Chevrolet truck, or take any action relative thereto.

Art. 13. To see if the Town will raise and appropriate the sum of $237.00 to pay for safe that the Selectmen were obliged to buy and place in Town Clerk's house for adequate safety of Town Records, or take any action relative thereto.

Art. 14. To see if the Town will vote to celebrate its sesquicentennial anniversary in 1941, raise and appropriate the sum of $50.00 as a start in preparing for the same, or take any action relative thereto.

Art. 15. To see if the Town will vote to raise and appropriate the sum of $115.00 to finish shingling the engine house roof, or take any action relative thereto.

Art. 16. To see if the Town will vote to raise and appropriate the sum of $250.00 to finish fence and grading in the new part of Greenvale Cemetery, or take any action relative thereto.

Art. 17. To see if the Town will vote to raise and appropriate the sum of $45.00 to paint the faces of the Town clock, or take any action relative thereto.

Art. 18. To see if the Town will vote to raise and appropriate the sum of $50.00 for the Monadnock Region Association or take any action relative thereto.

Art. 19. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and thirty nine.

Lou F. Atherton
Eugene C. Muzzey
George F. Shea
Selectmen of Greenfield

AUDITOR'S REPORT

This is to certify that we have examined the accounts of the following officers: Selectmen, Town Clerk, Town Treasurer, Overseer of the poor, Fire Wardens, Cemetery Trustees, Trustees of Trust Funds, Library Trustees, Road Agents, Tax Collector, for the year ending January 31, 1939 and find them correctly cast and properly vouched.

HOBART M. ADAMS
SUMNER A. GILFILLAN
Auditors

GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!

The salvage of every thousand feet of logs which can be sold means money for the landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of windthrown timber have not yet acted, they should communicate with those who can help. Town Chairmen are fully informed; State Advisory Agents can help to start logging by suggesting names of operators and giving other useful advice; Federal Agencies are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW CO-OPERATE!

FOREST FIRE DANGER FOR SEVERAL YEARS WILL BE GREATER THAN USUAL

So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at $4.00 per acre on areas up to 15 acres. The County Agent should be consulted.

SUPPORT YOUR LOCAL FOREST FIRE WARDENS AND DEPUTIES

They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Co-operate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!

SCHOOL BOARD'S ESTIMATE FOR 1939-1940

School District of Greenfield

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1939.

Detailed Statement of Expenditures

Support of Schools:		
Teachers' salaries	$1,950 00	
Textbooks	70 00	
Scholars' supplies	85 00	
Flags and appurtenances	5 00	
Other expenses of instruction	30 00	
Janitor service	180 00	
Fuel	180 00	
Water, light, janitor's supplies	75 00	
Minor repairs and expenses	50 00	
Medical inspection and health supervision	180 00	
Transportation of pupils	1,275 00	
Other special activities	5 00	
		$4,085 00
Other Statutory Requirements:		
Salaries of District Officers (fixed by District)	$94 00	
Truant Officer and School Census (fixed by District)	10 00	
Payment of tuition in High schools and Academies (estimated by Board)	1,775 00	
Superintendent's excess salary (fixed by Supervisory Union)	130 00	
Per capita tax (reported by State Treasurer)	156 00	
Expenses of Administration	90 00	
New Equipment	25 00	
		$2,280 00
Total amount required to meet School Board's Budget		$6,365 00

Estimated Income of District

Balance, June 30, 1939 (estimated)	$300 00	
Dog tax	150 00	
State Aid	304 00	
Deduct total estimated income not raised by taxation		$754 00
Assessment required to balance School Board's Budget		$5,611 00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Greenfield:

I respectfully submit my fifth annual report as Superintendent of Schools.

Supervision

In my report of last year, I stated that we were giving special attention to Primary Reading and discussed the first two of the five stages in learning to read; namely, (1) the preparatory stage in which the teacher builds upon the experiences the children have had in the home and community and the background of ideas and conversational ability they possess and (2) the three phases of the second stage, pre-primer, primer and first reader. These two stages are normally completed in the first grade. This year we are extending this emphasis on reading through the second grade and attempting to take each child at the level of reading ability which he has attained, and carry him on at his own best rate of progress.

The third stage in learning to read is a period of rapid growth in the fundamental habits of recognition of words and phrases and in the easy interpretation of meanings. This stage normally covers two years work,—that is, grades two and three. However, there are always found in the second grade some pupils who have not progressed farther than the first reader level, or even the primer level, at the beginning of the year; consequently any group of second grade children must be broken up into two or three sections corresponding to these levels of attainment.

In both the first and second grades we now report in considerable detail the progress each child is making in reading, in order that the parent may have a more complete picture of the child's abilities and handicaps and be in a position to discuss special problems with the teacher and cooperate with her in overcoming difficulties.

In grades above the second, the teachers are making special efforts to help pupils with their reading difficulties, first by determining so far as possible the cause of their handicaps, and second by applying appropriate remedial measures through individual or group instruction and drill. Many of the factors that determine a child's success and rate of advancement in the primary grade reading still affect his progress in the later grades. The factors which are most important are those related to general health and emotional status.

Low general health is likely to retard progress in reading, prevent good memory, and even produce a dislike for reading because the effort required produces discomfort. Evidences of low general health, such as poor color, lack of energy, nervousness, restlessness, irritableness, getting tired easily, sagging posture, etc., must be remedied, if the child is to have a fair chance at learning, whether it be in the primary grades or at any later period in the

child's school experience. Normal hearing and vision are also essential to success and we try to discover as early as possible any indication that a child does not hear distinctly and see readily and without eye strain. This is one of the important functions of the medical inspection and much good is accomplished by the nurse and school physician as well as by the family physician in discovering and correcting these physical handicaps.

A child's emotional stability plays a very important part in his success in learning. One who is still handicapped by habits of infancy, or by shyness, embarassment and fears, or who gives way to temper tantrums, or for any reason is tense or strained, is very likely to lose confidence in himself and develop the attitude that he cannot read; his attention wanders, poor habits of perception develop, and the result is dislike for reading and for school.

Early discovery and intelligent treatment of the factors which prevent a child from making normal progress in learning to read, is the ideal which we are striving to attain. The success we achieve in this determines the success the pupil will have, and any failure of teachers or parents in this respect reduces the pupil's chance of success.

Budget

The only item in the budget which requires material change from the estimate of a year ago is the item of High School tuition which calls for $375 more than last year. This is due to the fact that only two pupils are in the High School graduating classes this year and we expect at least seven of the nine pupils in eighth grade will go to High School next fall. This increase in the total budget is more than offset by the fact that Greenfield will receive some $300 in state aid next year and the fact that we shall have a cash balance at the close of this school year of some $300; consequently the assessment required is a little more than $300 less than last year.

A special article appears in the School Warrant calling for an appropriation of $700 to provide for an assistant teacher. The decision to ask for this additional amount for this purpose is based upon the following facts. The present enrollment in the Primary Room is 37, and in the Grammar Room 33. Thirty-seven pupils in the four primary grades produces a teaching load heavier than we can expect a teacher to carry successfully and at the same time give attention to individual pupils needing special assistance, and there is a considerable number of children in these grades in need of such assistance. If she could be relieved of the fourth grade, the children in the first three grades would then have a fair opportunity. However, to assign the fourth grade to the Grammar School Room would create a situation equally difficult in that room. We expect that nine pupils will complete the eighth grade this year but we feel sure there will be at least six entering first

grade in September so that the enrollment in the Primary Room would remain at 37, and that in the Grammar Room would be reduced by only three, assuming that the six pupils in the fourth grade will be promoted to the fifth grade. That is, the situation of the present year seems likely to continue for at least one more year and probably two.

There is no other room in the building large enough for a standard school room and the expense of partitioning off such a room in the upper hall would be considerable, even if it were feasible to do so. However, there is a room approximately fourteen feet by seventeen feet at the rear of the vestibule between the two rooms which an assistant teacher could use and in which the fourth grade could be seated all of the time, and also groups of pupils from other grades could be accommodated for some of their recitation periods. I believe this plan would provide the most necessary relief and that it is feasible.

Respectfully submitted,

Vernon S. Ames
Superintendent of Schools

Wilton, N. H., February 10, 1939.

Number of school visits	40
Number class room inspections	12
Number home visits (follow up)	13
Number official visits	16
Number first aid kits, refilled	2

Cod Liver Oil was served in the school to all pupils whose parents wanted them to have it.

A Child Health Conference and Toxoid Clinic was held in Greenfield, July 11th, 1938. Twenty-five children and babies were examined and Toxoid for diphtheria immunization was given to nine children.

In conclusion: I thank the School Officials, the Greenfield Womens Club, the Teachers, Doctor and Dentist and all for their splendid support and cooperation in the health work.

Respectfully submitted,

Margaret E. Harris, R. N.
